

Public Notice

HUDA is going to launch various services provided through Estate Offices in online mode wherein an allottee can apply through HUDA web portal and seek an appointment for biometric attendance, verification of original documents and capturing of photographs. All alerts/OTP will come on your Mobile Number linked to your Aadhar Number. The entire process is to be completed in 4 days and digitally signed approval can be downloaded from the user ID and password of the allottee.

The time bound delivery of the process will only be possible if the data viz payments, due dates, extension fee etc. pertaining to your plot is complete in all respects including your Mobile Number & e-mail ID. User ID and Password have been allocated to each allottee to view the complete details of the plot. In case of any missing-entry, you may approach the helpdesk of the concerned Estate Office with valid original documents so that the data may be updated correctly. This will help us in providing the timely delivery of the services.
